## THE SPA RETREAT

In Havelock North, you now have the chance to indulge in a Top Class International Spa. There is a line up of special spa experiences to start the season off before all the International travellers arrive for the Hawkes Bay summer.

In April this year, Andrea's hair & beauty joined Mangapapa Petit Hotel in Napier Road to bring a unique destination Spa experience to local and international guests. Mangapapa Petit Hotel is set in the tranquil grounds of an historic homestead, just 5 minutes from the centre of Havelock North and Hastings City and 20 minutes from Napier in the heart of Hawkes Bay wine country.

A full range of Spa services from the world of Thalgo are offered, creating a time to relax and revive after long distance travel or to simply indulge. These are sensorial journeys that let your senses emerge renewed and vital after up to two hours of care.

The Spa Retreat provides an environment to unwind and be rejuvenated. The indoor facilities include private amenities of showers, baths, sauna and Jacuzzi, alongside an outdoor pool. Trained therapists use the same innovative Thalgo products and spa rituals that are available around the world in many other Thalgo Spa destinations. The Spa Retreat offers a couples suite for a shared spa experience, or a perfect place to unwind in private.

Come and enjoy one of our introductory offers below and experience first hand what it means to be totally relaxed and rejuvenated.
