

## Celebrating 29 years in Havelock North

**In opening the doors of her business in 1982, Andrea nurtured a vision that was well ahead of its time.**

Over 29 years, her unswerving commitment to professional excellence has attracted a following of loyal clients who underpin the ongoing success of Andrea's hair dressing & beauty therapy.

Andrea smiles when asked about her catch phrase for the business. She calls it "Andrea's finishing school". Surrounding herself with the highest calibre people in the industry, she has trained teams of staff and led them to ever greater achievements.

Some of the many success stories are worth sharing. They include New Zealand's Thalgo Supreme Award winning beauty therapy business for six consecutive years and Top Hairdressing Apprentice in the Central Region.

### Welcome to the Team

Christina

**Hairdressing with Christina**  
Welcome Christina from Europe  
**Free cut & style with a colour (new clients).** Valid until 31st May 201

Zara

**Beauty Therapy with Zara**  
Free 30min massage, with  
deluxe Thalgo facial.  
Valid until 31st May 2011

One of Andrea's past hairdressing team members is now on the international speaking circuit for the hairdressing and beauty therapy industries. She has also appeared on American television after launching her own book. Another former staff member who began her career at Andrea's is now a beauty therapy tutor at EIT.

Andrea continues to look after the beauty needs of some of her most longstanding clients. However, her focus is on passing on skills she has fine-tuned over the years and to the ongoing development of her staff.

In this way, she adds depth of knowledge to the industry and ensures real solutions that are tailored to meet the individual needs of Havelock North and Hawke's Bay clients. This year, the business's birthday celebrations included a staff team-building fun day at Vidal's and a makeover for the hairdressing salon.

**This month, look out for these advanced treatments:**  
Eyelash extensions and Micro pigmentation. Andrea tells me she has clients from all over Hawke's Bay queuing up for fabulously long-lasting make up for eyebrows and also eye lining. That shouldn't surprise given her 20-plus years' experience in using this technology.

Most of the hairdressing team are about to undertake further training at courses held throughout New Zealand, and a member of the Beauty Therapy team is off to France in May to do a course in anti-aging techniques. You will be able to enjoy the benefits of these staff members' enhanced experience in June.

**Andrea's wealth of knowledge can best be accessed by checking out the website [www.andreas.co.nz](http://www.andreas.co.nz). This site is regularly updated with the very latest and best in treatments, technologies, therapies and products – and they're all available at Andrea's hair & beauty.**
